Modern Aesthetic Dentistry: From Digital Planning to Advanced Composite Excellence

An Innovative, Interactive Dental Learning Experience with
Dr. Danièle Larose

LEADING EDUCATION

Modern Aesthetic Dentistry: From Digital Planning to Advanced Composite Excellence

with Dr. Danièle Larose

Aesthetic dentistry demands more than beautiful restorations. It requires precision, predictability, and a digitally driven workflow that the entire dental team can support. This course is designed to elevate aesthetic outcomes by seamlessly integrating digital workflows, clear aligner therapy, and advanced composite techniques.

Participants will gain practical knowledge in intraoral scanning, treatment plan presentations, placement of clear aligner attachments, and the delivery of highly aesthetic anterior restorations by combining layered composite techniques and the concepts of the Bioclear Method, with a strong emphasis on predictability, efficiency, and beauty.

LEARNING OBJECTIVES

- Confidently present comprehensive aesthetic treatment plans supported by intra oral scans
- Understand how to place clear aligner attachments with precision, predictability, and consistency
- Master layered composite techniques for natural, aesthetic restorations
- Understand and apply the concepts of the Bioclear Method for black triangles, diastema closure, and tooth reshaping
- Elevate case acceptance through aesthetic-driven communication

WHO SHOULD ATTEND?

This course is designed for general dentists and dental team members, including hygienists and treatment coordinators, who want to enhance their skills in digital scanning, aesthetic treatment planning, clear aligner therapy, and advanced composite techniques in order to deliver more predictable, high-quality aesthetic outcomes.

Modern Aesthetic Dentistry: From Digital Planning to Advanced Composite Excellence

with Dr. Danièle Larose

ABOUT DR. LAROSE

Based in St-Laurent, Québec, Dr. Danièle Larose's private practice focuses on conservative cosmetic and reconstructive dentistry. Years of daily practice have enabled her to develop her "How did you do that? - instant orthodontics" and "smile lift" techniques.

Dr. Larose graduated from l'Université de Montréal in 1997. She attended the Dawson Institute and the Las Vegas Institute for Advanced Dental Training. She has been receiving great reviews teaching full-day hands-on classes in Canada and the U.S. devoted to anterior aesthetic techniques. Dentists that have attended her courses particularly appreciate her engaging, upbeat style and clear step-by-step instructions.

She has been featured in Continuum, Oral Health and the American Journal of Cosmetic Dentistry. Dr Larose is a member of the LVI Study Club, Implantology Study Club, AACD, CAED, Invisalign Study Club, Ordre des dentistes du Québec, and an Honorary Member of the Canadian Academy of Cosmetic Dentistry.
