

Restoring the Endodontically-Treated Tooth with the Bioclear Method

with Dr. Rafael Bustamante

WINDSOR, ON (FEBRUARY 26)

COURSE DESCRIPTION

During this hands-on course, you will be introduced to modernized cavity preparations, anatomic tooth forms (Bioclear matrices), and injection-molding of heated composite to make stronger, predictable, longer-lasting restorations as per the Bioclear Method. You will have a better understanding of how its modernized cavity preparations capitalize on the mechanical properties of composite resins to make stronger, predictable, longer-lasting restorations particularly for endodontically treated teeth.

LEARNING OBJECTIVES

- Review traditional approaches to restoring endodontically treated teeth
- Understand when direct composite may be a predictable alternative to indirect restorations
- Differentiate between tension and compression-based restorations and identify approaches that minimize biologic cost to the tooth
- Describe the principles and clinical applications of the Bioclear Method
- Discuss the indications and considerations for posts in endodontically treated teeth

LOCATION

Ciociaro Club
3745 N Talbot Rd,
Oldcastle, ON N0R 1L0

TUITION

Dentist/Associate/
Restorative Hygienists: \$699
Staff tuition: \$250*

*Limit of 1 staff registration per registered dentist

AGENDA

Registration

8:30am – 12:00pm
Lecture & Hands-On

12:00pm – 1:00pm
Lunch Break

1:00pm - 4:30pm
Lecture & Hands-On

WHO SHOULD ATTEND?

Any dentist or restorative hygienist interested in learning more about the restoring endodontically-treated teeth with the Bioclear Method.

ABOUT DR. BUSTAMANTE

Dr. Rafael Bustamante is full faculty at the Bioclear Learning Center in Tacoma, WA, USA. He is a restorative dentist with over 20 years of experience integrating dental surgical microscopes into all aspects of clinical practice. He serves on the Board of Advisors of the Pankey Institute, where he contributes to curriculum development, mentorship programs, and strategic planning for continuing education in dentistry. He is also visiting faculty at the University of Alberta School of Dentistry, where he provides hands-on instruction in the Bioclear Method to undergraduate dental students.

Dr. Bustamante is the owner of Signature Dental in Edmonton, Alberta, Canada, where he focuses on microscope-enhanced dentistry and is committed to preserving tooth structure while achieving optimal esthetics and function. His interests include advancing restorative dentistry techniques through live demonstrations, hands-on workshops, and mentorship. Dr. Bustamante is a 2004 graduate of the University of Alberta School of Dentistry.
