Live Demonstration
Webinar

COMPLIMENTARY WEBINAR - NOVEMBER 20

EDUCATIONAL OBJECTIVE

Elevate your restorative skills to the next level with this live demonstration program, focusing on precision composite techniques that integrate laser technology and sectional matrix systems to achieve efficiency, esthetics, and predictable restorations. Participants will learn how to precisely place the matrix system and create esthetic class II restorations with emphasis on predictable protocols. This course highlights time saving strategies and practical approaches to achieve high quality natural looking results in everyday practice.

LEARNING OBJECTIVES

- Master advanced composite techniques using sectional matrix systems
- Recognize how laser-assisted procedures enhance precision and clinical efficiency
- Implement predictable clinical protocols to optimize time management and achieve high-quality posterior restorations

WHO SHOULD ATTEND

This course is suited for any clinician interested in learning new strategies to restore posterior restorations.

COMPLIMENTARY WEBINAR
NOVEMBER 20
7:00 PM - 8:00 PM (ET)
